Dear Licensee:

The Missouri Gaming Commission has recently reviewed certain materials provided by Tritium International Consultants, Inc. d/b/a Missouri E-Raffle™, LLC, currently being marketed and distributed in Missouri as the Missouri E-Raffle™ System. In addition, we have met with representatives of the vendor and have also received an inquiry and proposed contract from one of our Bingo licensees concerning the legality of the system.

Reviews of the materials have led the Missouri Gaming Commission to conclude that these machines constitute illegal gambling devices pursuant to sections 572.010(5) and 572.070, RSMo. If these particular devices or any other devices substantially similar to them are found on your organization's premises, the device will be deemed illegal and the Missouri Gaming Commission will take action to discipline your organization's Bingo license pursuant to sections 313.040 and 313.070, RSMo, and 11 CSR 45 -30.270. Additionally, if you enter into a contract with the vendor that provides for the vendor to receive a percentage of the net proceeds of that device, you would be in violation of state law, specifically, sections 313.007, 572.010(10), 572.030, and 572.040, RSMo.

The Missouri Gaming Commission maintains a zero tolerance for illegal gambling and takes immediate action to revoke the bingo license of any organization that engages in any form of criminal activity. Maintaining the public's trust in the integrity of bingo and pull-tab games benefits all bingo organizations, and it is the responsibility of every bingo organization to protect that trust.

If you have any further questions concerning this matter, please feel free to contact the Missouri Gaming Commission, Charitable Games Division, P.O. Box 1847, Jefferson City, MO 65102, or by telephone toll free at 1-866-801-8643. Thank you.

Sincerely,

William K. Seibert, Jr.
Executive Director
