ILLEGAL GAMBLING DEVICES

In keeping with the Missouri Gaming Commission's emphasis on providing clear expectations to all bingo licensees, we must remind you that possessing, using and/or allowing other individuals to use or store gambling devices on the bingo premises is a serious violation of the law. Section 572.070 RSMo, 2000 provides that a person commits the crime of possession of a gambling device if, with knowledge of the character thereof, he manufactures, sells, transports, places or possesses, or conducts or negotiates any transaction affecting or designed to affect ownership, custody or use of: (1) A slot machine; or (2) Any other gambling device, knowing or having reason to believe that it is to be used in the state of Missouri in the advancement of unlawful gambling activity. Possession of a gambling device is a class A misdemeanor.

Gambling devices carry various name brands. In general terms, these gambling devices are what we commonly know as "no-chance," pre-reveal, video poker or slot machines. You should not be misled by any distributor's assurances about the legality of these machines, or labels that state "For Amusement Only". Basically, a gambling device is any device for which there is a cost to play and an opportunity for winning cash or anything that has, or can be converted to tangible value. If any illegal gambling devices are ever found anywhere on the premises of any licensee, the organization could incur suspensions, fines, or revocation of their license. Note that premises as used in this notice include the entire structure within which the bingo hall is located.

If you have any questions or doubts about the legality of any machines, please call the Missouri Gaming Commission, Enforcement Section of the Charitable Games Division at 573-526-5370, or toll free in Missouri 1-866-801-8643 for clarification.
