

**Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 7--Security and Surveillance**

PROPOSED AMENDMENT

11 CSR 45-7.100 Maintenance and Testing. The commission is deleting section (2).

PURPOSE: This amendment removes provisions that are obsolete, in that riverboat casinos no longer cruise.

(1) At various times, all surveillance equipment shall be subject to impromptu commission testing of minimum standards of resolution and operation. Any malfunction of surveillance equipment shall necessitate the immediate replacement of the faulty unit with a working unit. If immediate replacement is not possible, alternative live monitoring must be provided by casino surveillance personnel. The live monitoring must meet the approval of the commission agent on board in order for gaming to continue in the affected surveillance area. If the commission agent deems the live monitoring by casino surveillance personnel to be inadequate, gaming in that area shall cease until the provision of adequate monitoring.

[(2) Upon completion of the excursion, commission personnel shall meet with representatives of the riverboat gaming operation to ascertain the approximate time needed to make necessary repairs and determine whether gaming may continue with live monitoring.]
