REPORT TO THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI

To the Honorable President of the Senate, Speaker of the House, Leaders of the Assembly,
Members of the Senate and House:

The Missouri Gaming Commission, pursuant to Section 313.827 and Section 313.837, RSMo,
respectfully reports to the Missouri General Assembly as follows:

1. As of the date of this report, the commission has licensed eight excursion gambling boats.¹
2. At this time, the commission has no data that would alter the commission's findings contained in last year's annual report which is attached. However, the commission is currently analyzing the end-of-year data from Missouri and comparing it to that of adjoining states and respectfully reserves the right to file an addendum to this report at some point in the future.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Robert L. Wolfson".

Robert L. Wolfson
(Chairman)

¹ While eight excursion gambling boats have been licensed, there are only seven gaming developments. The commission has issued two gambling boat licenses to St. Charles Riverfront Station in St. Charles.
